

Abranet[®] Max

Q: What is Abranet Max?

A: Abranet Max is a net abrasive product that provides efficient cut and stock removal in narrow belt sanding applications.

Q: Where to use Abranet Max?

A: Primarily designed for the wood industry, but can be used on a variety of materials.

Q: What are the features and benefits of Abranet Max?

- A:** Tough aluminum oxide grain gives a high cut rate on harder wood types and materials.
- A:** The symmetric net structure enables an efficient cut and stock removal.
- A:** Resists clogging on resinous wood types or soft materials and keeps sanded surface cooler to avoid burning.
- A:** Extremely long lifetime compared to conventional abrasive belts, which results in cost savings and time efficiency.
- A:** Lower pressure required when sanding due to its net structure.
- A:** Belt can be run in both directions.

TECHNICAL SPECIFICATIONS:

Grain	Aluminum Oxide
Bonding	Resin over Resin
Backing	Net
Coating	Closed
Color	Brown
Grit range	P80-P240
Portable/Narrow Belts 2" - 11.8"	

Target Applications:

- Crossfeed Sanding Heads
- Portable Belt Sanders
- Edge Sanders
- Stroke Sanders
- Stationary Belt Sanders

	Available Sizes	Available Grits
 Portable belts	2" - 11.8" wide, under 48" long	P80, P100, P120, P150, P180, P220, P240
 Narrow belts	2" - 11.8" 48" wide, 48"-390" long
